Area of use

Press - Hydraulic Press - Injection - Different Automatic Machine Clamp System

Model CA

T kanallı tezgahlarda kullanım imkanı sağlar.

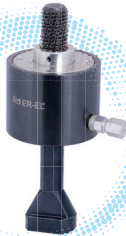

It provides to use in machines with T-slots.

Model CV

Mesafe ayarlanabilir sistem.

Distance adjustable system.

Model CC

T kanallı tezgahlarda kullanım imkanı sağlar.

It provides to use in machines with T-slots.

Model CB

T kanallı tezgahlarda kullanım imkanı sağlar.

It provides to use in machines with T-slots.

NEW

Model CBL

T kanallı tezgahlarda kullanım imkanı sağlar.

Not Kilitleme seçeneekli

It provides to use in machines with T-slots.

Note With locking option

NEW

Model CBS

T kanallı tezgahlarda kullanım imkanı sağlar.

Not Otomatik komut ile ilerler.

It provides to use in machines with T-slots.

Note Proceeds with automatic command.

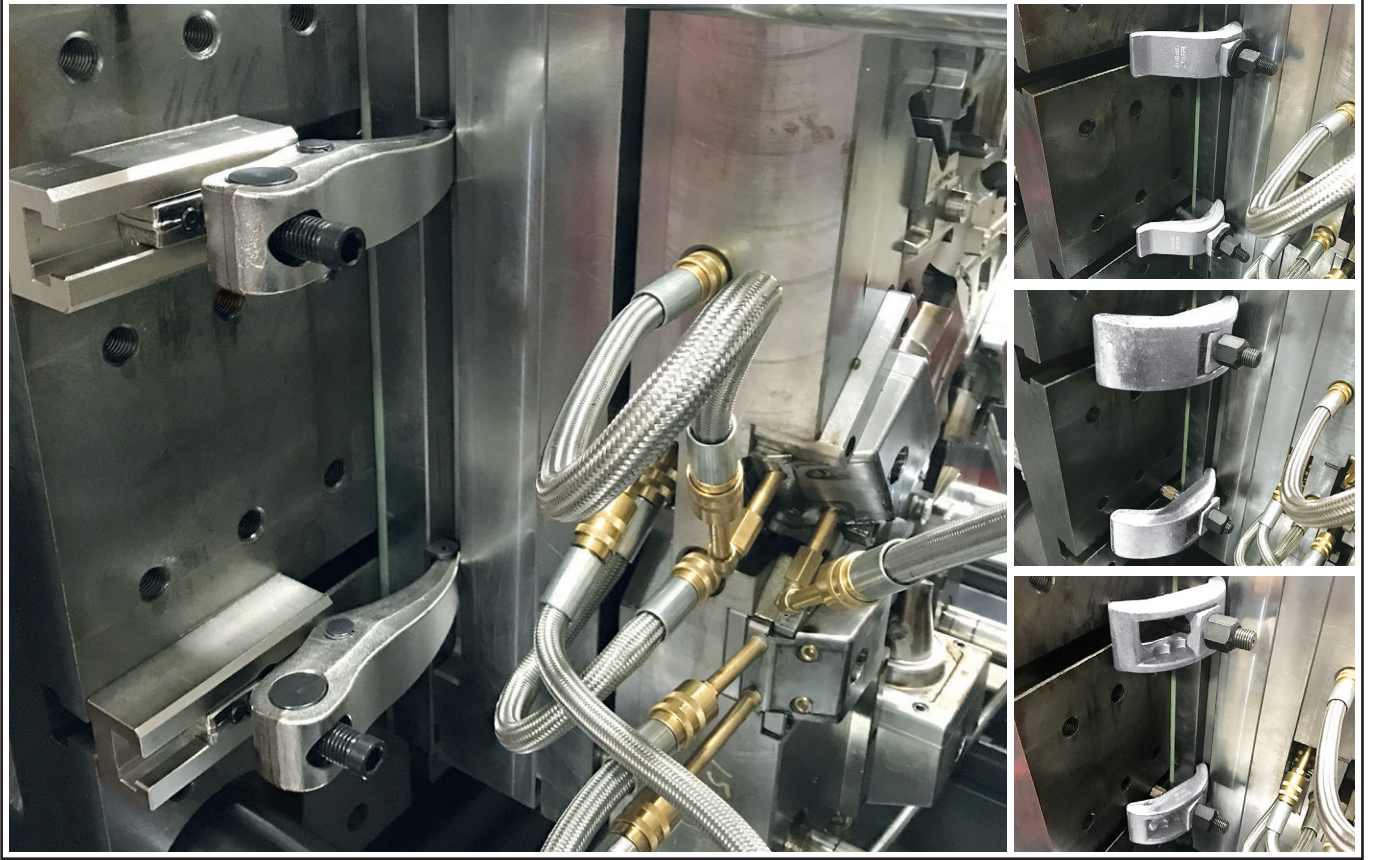

Model CD

Pleyti dişli tezgahlarda kullanım alanı sağlar

It can be used in machines with holes on the plate

Mekanik Pabuç Modelleri / Mechanical Clamp Models

Kullanım Alanları

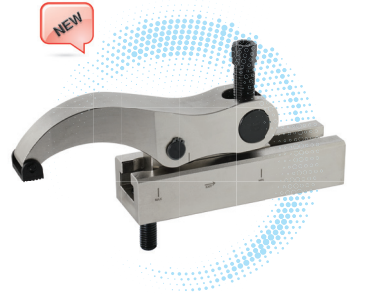

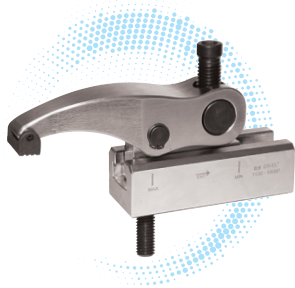

Enjeksiyon Makinaları, Presler, Freze Tezgahları, Matkap Tezgahları ve Çeşitli Sanayi Makinaları

Area of use

Injection Machines, Presses, Milling Machines, Drilling Machines and Various Industrial Machines

Kızaklı Kombine Bağlama Pabucu Combined Sliding Clamp

10 tona kadar sıkma kuvveti çeşitleri
Clamping force types up to 10 tons

S-Bağlama Pabucu S-Connecting Clamp

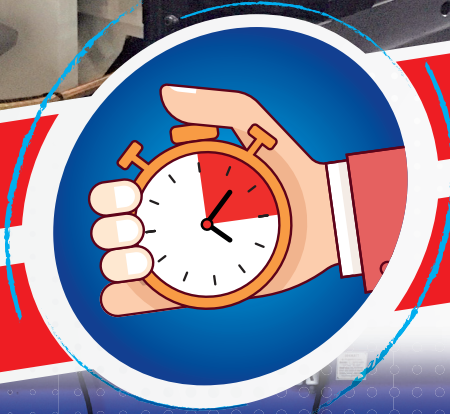

Kademeli Bağlama Pabucu Stepped Coupling Clamp
